2 Week trial available

Our Teen Dance class specialises in the vibrant and high-energy genre of Commercial Jazz, combining technical skill with fun, energetic routines. Focused on building both precision and creativity, this class allows students to develop their dance technique while learning high-energy choreography.

Designed for any level of dancer, this class ensures that everyone, from beginners to advanced students, can thrive and improve at their own pace.

Taught by industry professionals, the class is designed to help teens discover their unique style and expression, fostering both personal growth and artistic confidence. Performance opportunities and skills are also worked on, helping students gain valuable experience in front of an audience. Whether refining technique or mastering dynamic routines, students will have a blast while developing their dance abilities!
