Taught by industry professionals, this programme is designed for children aged 7-16 (with some exceptions) and divided into age-level groups. Combining Dance, Singing, and Acting, each discipline lasts 1 hour, totaling 3 hours per session (including a 10-minute break). Each discipline offers a diverse range of techniques and styles. In Dance, we cover Commercial Dance, Jazz, and Dance Aro, with a strong emphasis on technical training. In Drama, we explore various acting methods, script analysis, performance skills, and group collaboration. In Singing, we focus on vocal technique, technical mastery, and harmony.

Whether your child wants to pursue a career in Musical Theatre or just have fun, this programme caters to all. Each session builds skills, confidence, and creativity in a fun, supportive environment.

Each term includes 12 classes over 12 weeks (excluding half terms), with 2 out of 3 terms featuring a performance or demonstration for families to enjoy.
